To Whom it may Concern:

My name is Jason Bergman and I teach Television Production at Auburn High School. It is my great pleasure to speak about Victoria Murphy. Tori is a great caliber young women.

I have had the privelege to teach Tori for fours years; where I witnessed her grow into a tremendous student. Tori has taken all levels of television production, where she has excelled as a student. She has excelled in a field where technological changes are ongoing, and students must hold both focus and determination in order to be successful. As a teacher, I have witnessed Tori set a goal and accomplish this goal, and eventually excel past her goals. Tori has proven that she is a student that will not take no for an answer, which proves Tori has the resilience to overcome any obstacles in her path.

Knowing Tori as a Teacher, I have watched her demonstrate tremendous growth and development in maturation and leadership. She can control any task within the moment she receives it. After Tori leaves Auburn to attend the University of her choice, I know I will see her again. Wherever Tori ends up she will provide great leadership and confidence for her peers and fellow athletes.

Lastly, I would like to personally ensure that Victoria Murphy is not only a great student with the qualities that one posses to be a successful adult that she is, but she makes me proud every day, that she is a tremendous person.

Thank you,

Jason Bergman
