To whom it may concern:

I am writing this letter of recommendation for Jessica Cook for a position in COMM Agency.

Jessica was our Multimedia Volunteer during the Fall 2018 semester. Jessica is a highly talented photographer and videographer who consistently provided quality and quantity of work above and beyond what was expected of her. Additionally, this position was one that required a lot of self-motivation and accountability. Jessica requested deadlines from us to keep herself accountable.

Jessica also took initiative in creating various video projects for us, including highlight reels of our shows and a “review montage” of one of our groups. Jessica has a passion for video projects and would look for any opportunity for that passion to help us.

We were so pleased with Jessica’s work that, even though her volunteership period ended, we have brought her back multiple times as a paid photographer/videographer/consultant on various projects, and she will continue to be our go-to person for such activities.

I believe that Jessica would be a valuable addition to the COMM Agency team. She brings passion, knowledge, humor, and a positive attitude. I recommend her without reservation. If you have any questions or would like further information, please do not hesitate to contact me.
