Dear Mr. and Mrs. Bellisario,

Allow me to introduce myself, my name is Nicole Berrin. I am writing this letter to personally thank you for receiving the Donald P. Bellisario Trustee Scholarship award. I am so excited to be a recipient. Your generosity and kindness will enable me to continue to achieve my goals and graduate from Penn State with a Communications degree. As a junior, I look forward to exploring the many fields of Communications, especially the television arena and what that has to offer me in terms of a career path. The Communications program has been enriched by your incredible philanthropic donations and will allow me to continue to utilize the great resources offered at Penn State. Again, I thank you so much for this award. Your support will truly help ease the financial burden of my college education. I hope some day I can follow your lead and give back to Penn State and help another deserving student.

Sincerely,

A handwritten signature in cursive script, appearing to read "Nicole Berrin".
