Dear CommAgency Selection Committee,

I write to support YaoYao in her application to participate in CommAgency. She has been my student during this past year in International Cinema/African Cinema, Comm 452, Bellisario College of Communications, PSU. Yao Yao has demonstrated passion for learning and commitment to research, particularly in her narrative film analysis of Tsotsi. She pursued all film course work with enthusiasm, diligence, ambition and perseverance, with excellent insightful critical analysis and initiative. Based on these observations I believe she will contribute much to CommAgency.

Please contact me for any additional information of questions.
