

Samuel T Cini

(814) 424-1309 stc5205@psu.edu 2147 Valley View Rd, Bellefonte, PA 16823

Profile

Student at Penn State University with demonstrated experience in videography, photography, live directing, multimedia and digital editing, production management, information systems, human resources, and customer service. Currently seeking internship opportunities in a variety of media related fields.

Experience

MEDIA INTERN - TEDxPSU - 2017-PRESENT

TEDx is a product of TED (think Ted talks) with a focus on allowing individuals within our community to share ideas and educate audiences all over the world. This year as a member of the media team, I collaborated with other students to create event promotions, record live footage and photography, and manage the TEDxPSU media archives.

VIDEOGRAPHER/MEDIA INTERN - J&J DIGITAL VIDEO SOLUTIONS - SUMMER 2017

J&J Digital Video Solutions is a production company local to my hometown. I had the opportunity to intern here this past summer working with the owners in live recording local Sunday morning church services. My duties here included set up and tear down of production sets, live videography, and live directing. This also gave me the opportunity to expand my knowledge of using various forms of digital equipment.

FRONT DESK AND GUEST SERVICES ASSOCIATE - NITTANY LION INN - 2016-2017

I spent over a year working with one of Penn State's most storied establishments, where every day I gained valuable experience in working in a busy, fast-paced environment, learning numerous information systems, working cooperatively with colleagues of various age, ethnicity, and background, and interacting with hundreds of customers face to face.

BUSSER - COZY THAI - 2017

This was another experience I had working cooperatively with my fellow employees in an intense, fast-paced environment.

Education

Penn State University - Junior - Telecommunications/Media Studies - Film & Television option
