

## **Lilly Riddle**

**Statement:** I desire this internship because I feel it will provide me the opportunity to expand my live videography/editing skills, as well as my knowledge of sports production. When I graduate, I could see myself working in the entertainment or television businesses, and this would be a good step along that career path. I hope to learn how the Penn State football and basketball production processes work. I also want to learn how to log footage and assist in video coverage of all the games. Finally, I want to expand my network of connections to gain a better foothold in the industry.
