Dear Michael Elavsky and the entire Czech Mates program,

I am tremendously eager to dive deeper into this program and hopefully have the opportunity to travel to Brno and learn about all of the great things the city and the rest of the world has to offer. I have always had such a strong passion for global relations and travel in general, and when I was introduced to this program, I immediately knew it was a great fit for me. My passion for new experiences and my drive for learning fit hand in hand with the Maymester course and its structure. I strive to change my perspectives and am always asking questions about the world and my role in it, and I know that having the opportunity to travel to the Czech Republic would not only teach me so much about the world and about myself but would also change my life forever.

My optimism, strength, and strong leadership abilities would help me face a new setting like Brno and would help me make long-lasting and meaningful relationships while I am there as well. My goal is to become comfortable with being uncomfortable, and I think that the Maymester course through your program would be the best way to put those ideas into action.

Thank you so much for your consideration!

Sincerely,

Abby Monahan
