

Lindsay Dillon

I would like to have an internship because it is a phenomenal way to earn experience in my major before graduating and entering the workforce. With this internship, I hope to be able to gain real-life experience within my major, working with clients and businesses, as well as strategic planning opportunities with these clients. I hope to be able to learn about donor stewardship within public relations as well. My career aspirations include working with businesses or clients to be able to further their public relations efforts and strategies. I feel this internship would give me the opportunity to learn more about how that is done effectively in the real world.
