

Martina Cornacchia

I have worked with My Hero Zero before and I appreciate everything these internships have been teaching me. I would love the opportunity to return for a final semester and get a well-rounded feel for the industry. I am learning so much and truly feel as though it is preparing me for the music industry. I would love to work in the music industry and one of my goals is to work for a music management company or record label. I am so grateful for the opportunity of being asked to return for a final semester. This semester I will be working as a Tier 2 Artist Management Intern in a leadership position.
