

A five (5)-sentence statement (ideally a typed PDF file) discussing why you desire an internship, what you hope to get from an internship, and your career aspirations. This question must be answered in order to be approved for a for-credit internship.

I desired an internship to get more experience in the field that I wish to pursue after graduation. I graduate in May and have enjoyed having this internship before graduation to get me more comfortable with being on a work schedule, learning more about Public Relations terms and responsibilities, and adding experience to my resume. I hope to gain connections and real-life experience through this internship which I have. I have been working with Minted since October 2022 and I have already learned so much. I am excited to continue my internship and even potentially secure a job with them post-graduation.
