

I desire to take part in the Penn State Athletics Live Video Production Internship so I can see first hand some of the things that I hopefully may be doing in my career. This past semester I changed my major into Broadcast Journalism so I want immediate exposure on the scene. In my career, I hope to one day be a reporter or an analyst on ESPN or for some sort of national sports company. What I hope to get from this internship is some experience towards my future aspirations. I believe that some of the behind the scene work I will do will lead to me being in front of the camera in the near future.
