This semester I am going to be partaking in the Sports Production Internship for Penn State Athletics. I applied for this internship because I love sports and have always wanted to have a part in them and the production of them. One of the reasons that I chose Penn State in the first place is because of the athletic programs that are here. I would love to work in sports one day and hope that this internship could help me gain experience in that area. I am a PR major and hope that one day I could be a PR representative for a sports organization and I know that this internship will help me get on track.
