

I would love to obtain an internship as I feel the skills you gain from real-world experience is invaluable. I am someone who is a hands-on learner, so I believe an internship would greatly help to prepare me for a job after graduation. I also hope to learn how to be a better writer and what is expected of a professional journalist through this internship. In the future, I plan to go to law school and then, hopefully, work as a legal analyst for a news organization. I believe a writing internship will help me achieve my goals through the knowledge I will gain.
