

Julie McLaughlin Internship Statement

I, Julie McLaughlin, desire an internship to build my resume and gain more experience in the advertising field. I hope to gain skills that I can carry with me throughout the rest of my career, and to just get general experience within my major. I aspire to work full-time at an advertising agency one day, so I felt this internship was a good opportunity for me. I hope my internship can help me land more internships to follow in the future. I also hope it will give me the opportunity to learn more about my major, and the different types of advertising there are in this career.
